THE DISCOVERY SAVED HIS LIFE

Mr. G. Calliolette, Druggist, Beaver, Kan., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physical means for miles about, but of no avail and was given up and told I could not live. Having heard of Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Got a free trial at Geo. Van Warden's Pharmacy, 328 N. Main street, and G. Gehring's drug store, northeast corner of Topeka and Douglas avenues.

MUSIC AND DRAMA

At his concert last winter at Galveston, Texas, Mr. Perry played his ballad of Lost Island, a composition which was suggested by the description of the destruction of the Lost Island, a famous watering place in the Gulf of Mexico, written by Lafcadio Hearn for Harper's Magazine, entitled "Chita, or the Legend of Lost Island. At the close of Mr. Perry's performance quite a sensation was created by a member of

the audience rushing onto the stage in great excitement and insisting upon showing Mr. Perry a gold repeater with the names of several of the victims of the disaster which he had rescued, engraved upon it. This person announced that he had been cruising in the Gulf, but was safe in harbor at the time of the cyclone and went out with his yacht the morning after the catastrophe and picked up several unfortunate who had been staying at the summer hotel on the island and who had survived the night by clinging to floating doors, tables and the like. In gratitude for their preservation they conveyed him with the repeater. He was vastly surprised and delighted that his own adventure had found a setting in literature and music, and the incident gave quite a realistic touch to that number of the program. Mr. Perry will play his ballad of Lost Island in his recital at Sedgewick Music Hall on the evening of Saturday, Oct. 10.

RICHARD MANSFIELD

Richard Mansfield, America's most distinguished actor, who with his New York Garrick Theatre company, comes to the Crawford Grand opera house for an engagement of two nights, opening Tuesday, Oct. 13, during which time two of the most important plays that constitute this great actor's repertory, will be presented; the arrangements having been reached to present on Tuesday, Oct. 13, "The Sign of the Cross," and on Wednesday, Oct. 14, "The Sign of the Cross."

Hon. M. P. Simpson of McPherson county will deliver three speeches in this county during the present month. He will be at Garden Plain on the 19th, at Clearwater on the 20th and at Derby on the 21st. He is said to be a very able speaker and his program is of great interest to the community.

Two hundred torches were stolen from the procession of the Popcorns Monday night. That is what they get for going down to the Santa Fe yards and giving ten cents each to transport their torches to the parade.

The Eagle saw at least twenty sooty looking strangers running through the alley with torches towards the railroad after the parade was over.

A simple but impressive ceremony at the home of Mrs. Sidney Gould, in the Sedgewick building, Wednesday at 6 o'clock, united in marriage Mr. Richard S. Ockford, a prominent business man of Herington, and Miss Edith M. Herington, a well known and accomplished young lady. The party was accompanied by the groom's sister, Mrs. Kirkpatrick, wife of Congressman Kirkpatrick of Fredonia.

Card P. Johnson and Lucy Moore, daughter of Mr. and Mrs. B. Moore, were married last evening at the home of the bride's parents, 147 Fairmount avenue, Rev. Mun performing the ring ceremony. The wedding was a quiet affair, with only a few guests present. The house was beautifully decorated in palms and flowers and after the ceremony an elegant wedding supper was served. The bride was in receipt of beautiful presents from her friends. Mr. Johnson will be at home after October 21 at 437 Fern avenue.

CURE FOR HEADACHE

As a remedy for all forms of Headache Electric Bitters has proved to be the very best. It effects a permanent cure and the most dreaded habitual headache is cured. We urge all who are afflicted to procure a bottle, and give this remedy a fair trial. In cases of habitual constipation, the use of Electric Bitters will give the needed tone to the bowels, and few cases long resist the use of this medicine. Try it once. Fifty cents and \$1.00 per bottle. Geo. Van Warden, 328 N. Main street, and G. Gehring's drug store, northeast corner Topeka and Douglas avenues.

ITALY SENDS A MAN TO ROME TO EXPLAIN IMMIGRATION LAWS

New York, Oct. 7.—Herman Stump, United States commissioner of immigration, sailed on the Paris mail for Rome and will proceed to Rome. Under instructions which he received yesterday from Secretary Carlisle, he will "consult with the royal secretary of the interior, of the kingdom of Italy, in relation to the entrance of Italians into the United States. He is also directed to appear in person before the Italian parliament, which convenes in November, and to hurry back here before Congress meets so as to report the result of his mission in Italy.

That the mission is urgent is indicated by the haste of Colonel Stump's departure and by the peremptory instructions of the secretary of the treasury.

Baron Fava, the Italian ambassador, was long in correspondence with the treasury department about the deportations of Italian immigrants and the lynching of Italians in New Orleans in a few years ago caused an ill feeling that has never been entirely removed. Italy now asks that a properly accredited authority should appear before the parliament and explain the workings and restrictions of the United States immigration laws, so as to obviate the necessity of deportation, and prevent fruitless lawsuits.

PRINCE KILIKOFF HAS COME

Russian Minister of Communication to Inspect American Railways.

San Francisco, Cal., Oct. 7.—The Russian minister of communication, Prince Michael Kilikoff, arrived here this afternoon from Hong Kong and Yokohama.

Among the passengers was Prince Michael Kilikoff, who is imperial minister of ways of communication of Russia. He has come to America to inspect our railway system. He left Russia six months ago on a tour of inspection of the new Trans-Siberian railway.

After reaching Vladivostok he left the czar's dominions for Japan. While here he will be entertained by Colonel C. F. Crocker of the Southern Pacific. He will go to New York from here.

The Belgians bring news of a disastrous fire in Canton which consumed over 200 houses in the western suburb, a disastrous quarter. A number of women were abducted during the conflagration by men who are said to have caused the fire.

Navy was also brought of the death at Yokohama of Colonel Joseph Coffin Hill, who served with distinction in the union army during the civil war. He was a native of Massachusetts and had formerly served in the English army during the Indian mutiny.

Chicago, Oct. 7.—Matthew W. Bertram, a wealthy cigar manufacturer and club man, has been sued for breach of promise by Miss Ida B. Loner of this city who estimates the damages she is entitled to have collected at \$50,000. Bertram, during the war, had owned a number of cigar stands on the exposition grounds and over one of these Miss Loner presided. She and her employer became fast friends and she claims that she married him. Bertram was at that time a married man but has since been divorced. Bertram denies that he ever promised to marry the young woman.

STOCK MARKET MANIPULATED FOR A DECLINE

Same Interests That Originated the Recent Upward Movement are Trying to Repeat Their Success by the Same Route—Sensational Reports Attend the Decline, Believing Among Other Things, to Competition in Sugar Production—Gold Import Reports Reappear—Close is at the Lowest—Bonds Depressed.

New York, Oct. 7.—The stock market again today reflected effective manipulation by the powerful interests that originated the recent upward movement in prices. Having sold out their lines, these operators have in the last day or two favored and contributed towards a reaction with view presumably to establishing a level for another movement. The tactics employed included the circulation of distressing reports in the last hour of trading and further manipulation of the market. Some liquidation ensued. The dealers, aside from a few notable changes in the specialties, were not particularly interesting. The forenoon operations were marked by comparative steadiness on a very light volume of business, but in the afternoon break considerable activity developed and a reported decline was sensational in the extreme and as far as can be learned, in most cases lacked foundation in fact. Sugar was hammered on continued unfavorable reports, and finally, upon the apparently plausible report of impending competition with the American Sugar Refining company by powerful commercial interests, the stock yielded an extreme drop of one per cent to 107 1/2 per cent. Manhattan suffered from extensive liquidation, as the stock had reached figures approximating the full forecasts made early in the upward movement. The price of sugar scored was 2 1/2 per cent, to 89 1/2 per cent.

The market opened weak in sympathy with a reactionary tendency in the London price for American securities, but the losses were unimportant. A rally followed on the announcement of an engagement of \$600,000 in gold for import. Tobacco was exceptionally strong and jumped 1 1/2 per cent to 68 per cent, on rumors, afterwards denied, that the directors would vote to act upon a dividend upon the common stock. Leather preferred gained 1 1/2 per cent, the bills laying stress upon the more favorable trade conditions. The pressure against sugar became quite marked after midday and the extreme weakness sympathetically depressed the list, owing to the reputation of insiders for general speculative activity. In the late closing, tobacco was conspicuous by a drop of 66 per cent and the grangers, leather preferred and Southwest, needed 1 1/2 per cent. The report of the check of the recent savings cut in the south foreboded a decline in the price of the seaboard and Roanoke railway by conservative investors, fell flat. The closing was weak at the lowest point.

The total sales of stocks today were 12,266 shares, including: American Tobacco 10,900; American Sugar 4,200; Burlington 12,000; Chicago Gas 3,900; Louisville 7,400; Manhattan 15,600; Reading 12,100; St. Paul 14,400; Tennessee Coal and Iron 4,100; Southern railway preferred 4,600; silver certificates 10,000.

The bond market displayed pronounced weakness in sympathy with the depression in stocks. Dealings were in fair volume, and the market was 1 1/2 per cent weaker by the principal speculative issues. The sales were \$11,600,000. Governments were weak, the sales of \$1,000,000. The sales of \$1,000,000. The sales of \$1,000,000.

FOREIGN STOCK MARKETS

New York, Oct. 7.—Evening Post's London cablegram: "The fall in American exchange for liquidation in mines was today again the key to the market, which were generally flat until the close, when the depression of Americans and a very sharp recovery in Kaffirs were the features. The former was due to the gold shipments and support in New York, while the rally in Kaffirs was due to the fact that the large amount of a big Paris order was supposed to have been entirely liquidated today. The worst feature at the moment is the condition of West Australian mines, which are unsalable and prices about the same as in London. A recovery comes soon. Consols and other investments were dull on the renewal of gold exports. There are not wanting indications of a distinctly depressed market, and a very sharp recovery in Kaffirs was due to the fact that the large amount of a big Paris order was supposed to have been entirely liquidated today.
